IPMS Model Club which meets on the second Thursday. There is a good representation by armour modellers at these meetings, most of whom are MAFVA members. The club displays at local and national shows and hosts its own local "Model Bonanza" model show each January. Activities include visits to and by other model clubs, demonstrations and guest speakers. If any MAFVA members are interested in attending or have any questions about the club please contact Dave Morris.

It is stressed that you do not have to be a IPMS member to attend, though an annual club subscription fee is payable.
